To all RHA Board Members,

I am stepping down as Architectural Control Committee (ACC) Chairman. Vice Chairman Jim Shirk has volunteered to take the open position as chairman. Jim has taken an interest in the association and is already working on several ACC projects. We welcome his participation.

As President of the RHA I am nominating Jim Shirk to take the Chairman of the ACC and need a YES or NO vote from the RHA Board of Directors.

PLEASE REPLY to ALL when you reply so we all know what your vote is.

Thank you.

Mark Johnston  
President, RHA

On April 28, 2009 RHA Board Members voted as follows:

|            |                  |     |
|------------|------------------|-----|

| 0904281234 | Bob Blue         | YES |
| 0904281302 | Carolanne Aosved | YES |

We have had a lot of neighborhood activity lately. Would it be helpful to send out emails when someone is cutting down trees, re-doing big projects? Never know when someone else could "tag" on to a professional working on the block...
