Karanne,

This is to verify our verbal agreement that attached letter addressed to your office via Director, Cindy Baker be "tagged" in your (county) computer land information system (LIS) for future reference in the event someone wants to cull foliage from the RHA greenbelt. This letter is also registered with the county auditor and if type in "ridgecrest" at their website under records this letter and others from the association will appear.

Thanks for your cooperation in this matter.

Sincerely,

George
